 - Men:
 - 3,4km, shortest sensible route choice 5,6km, no. of controls 14, climbing 150m

TRACK / TERRAIN

- 85% full line – wide track made by big machine
- 5 % dashed line – made by quad
- 10% dotted line – mady by skiers

TRACK / TERRAIN

- On some „side“ tracks (nearby intersection with main tracks) are iron gates. Take care !!!

MAP

- 1:5.000, E 5 m
- size A4
- printed on synthetic paper Pretex

START, SIAC

- Clear (-4 min.) and check (-3 min) of SIAC – for own responsibility. An electronic start line Air+ will be used to record the exact start time.
- *....the competitor may start any time between five seconds before the start signal and the start signal. If a competitor starts late, the start list time is taken as the start time. (Rule 22.19)*
- At -2 min an additional control station is placed for a test punch.

FINISH

- Directly on ski stadium
- Last control is public (but do not go behind it into forbidden area)
- No punching at the finish line. The finish time is taken when the competitor pass the marked finish line.
- Coaching area on stadium

WEATHER FORECAST

GOOD LUCK
