World Cup Middle distance and Relay	1:10000 with contour intervals 5m
World Cup Long distance	1:15000 with contour intervals 5m

8. Terrain type and opportunities for training

Low mountain range with mostly high forest. Altitude is 900–1200 m above sea level. The weekend before the event a Czech ranking event will be organised nearby.
(<http://www.ski-o.cz/>)

Through environmental legislation there will be only a low proportion of scooter tracks and high proportion of very wide, wide and dotted tracks.

9. Description of competition area and weather conditions

Cross-county and biathlon area with high proportion of very wide competition tracks and wide tourist tracks. This time of the year temperature range is from 0 to minus 12 degree Celsius.

10. Electronic punching system

SPORTident Air+ is used as electronic punching system. Competitors get a SIAC from the organiser. If the SIAC is lost the competitor has to pay 65 Euro. Own SIAC can be used.

11. Waxing facilities

There very limited possibility's for indoor waxing at the accommodations. So we offer waxing facilities at the competition centre.

For smaller teams we will provide one small hut and one big container free of charge. Bigger teams can rent either one big container (225 Euro) or one of four smaller huts (125 Euro).

12. Transport

For your own flexibility we recommend transport by own or rented car. Transport during the competitions is also possible by public ski-bus.
